1. Prior to beginning assembly, please inspect and inventory the parts to make sure you have everything and that nothing was damaged during shipping. If damage has occurred, please take photos and go to loldesigns.com/damage. Rest assured we'll get it taken care of straight away!

2. To avoid scratching furniture, assemble on a clean, soft surface like a blanket, carpet, or the flattened cardboard box the furniture was shipped in.

3. **Start all bolts by hand to ensure proper alignment and to prevent cross threading.** Then using the provided tool, tighten until you feel resistance. Do not overtighten.

4. Bots should not be forced, but some components, particularly blocks, fit snug but can still be installed without tools or excess force.

5. If parts are still not going together, please send us a photo of the part you are having trouble with.

Insert bolts through countersunk hole side of blocks as shown below.

We've gone through great lengths to make as much of our packaging as possible recyclable. The cardboard box, paper wrap, filler and paper bags can all go in your recycling bin. The muslim hardware bags replaced plastic bags with the intention of reducing plastic and encouraging reuse. Lol! Designs and Planet Earth thank you!

Greg Benson - Founder
