BLACK	LL-FC-MQ60G-BL

Designed to work with 5-gallon pickle buckets, this modern garden planter family holds one bucket or 14 gallons per section (between rib dividers). These planter boxes can also be used without the liner buckets, giving you more freedom to design your outdoor space. (Pickle buckets not provided.) With false bottoms, these planters allow you to customize the planting height, choosing either the full depth for deeper rooted trees and shrubs, or half the depth for more shallow rooted plants.

security option:

use with:
mondo skinny planters
