

ASSEMBLY INSTRUCTIONS

* It is very important that you finger tighten all bolts into inserts to ensure that you do not cross-thread bolts and inserts before tightening. It will also be easier if you wait to tighten bolts until you have all bolts installed and the piece completely assembled. This will allow for more movement of individual pieces and help in aligning holes with inserts. Use the Allen Tool provided to finish tighten bolt until snug.

1 ATTACH LOWER SHELF & BACK PLATE

*Please read Assembly Tips before beginning assembly.

Fit edge of Lower Shelf that has holes through it into the groove track cut out of the Back Plate, and fit both pieces into the groove track cut outs of the Left Side. Place G Blocks into the Lower Shelf and Back Plates pocket cut outs, insert bolts through the blocks into the Left Sides threaded holes, and finger tighten

2 ATTACH FACE PLATE

Fit Face Plate short edge into the Left Side's pocket cut out. Place G Block into the Face Plate's pocket cut out, insert a bolt through the block into the Left Side's threaded hole, and finger tighten.

Repeat steps 1 & 2 to attach Right Side.

3 ATTACH TOP BRACE

Fit Top Brace edge into Left Side's pocket cut out. Place G Blocks into the Top Brace's pocket cut out, insert a bolt through the block into the Left Side's threaded holes, and finger tighten.

*Repeat steps 1-3 to attach Right Side.

4 ATTACH SEAT SET

Layout the Seat Set so that the groove track cut outs line up. Place Seat Set individually over assembled chair sides (start with A then B and C) by fitting the groove track cut outs with the Sides and Front Plate. Place G Blocks into the Sides pocket cut outs, insert bolts through the blocks into the Seat Sets threaded holes, and finger tighten.

5 ATTACH SEAT BRACE

Align Seat Brace holes with the holes of the Seat Set, then insert bolts through the Seat Brace into the Seat Set's threaded holes and finger tighten.

6 ATTACH BACK SET

Layout the Back Set so that the groove track cut outs line up. Place Back Set individually over assembled chair sides (start with A then B, C, D) by fitting the groove track cut outs with the Sides and Front Plate. Place G Blocks into the Sides pocket cut outs, insert bolts through the blocks into the Back Sets threaded holes, and finger tighten.

*Note: Use same color G Block as Racing Stripe color.

**Using provided wrench securely tighten all bolts.

PRODUCT CARE

Your new Loll furniture is a no maintenance product. You'll never need to paint or stain it and it can be left outside all year regardless of the season. It will not rot, even if left standing in water. Nonetheless, we're pretty sure your Loll furniture will get a lot of use and will at some point need cleaning. We recommend a garden hose and incorporating a soft bristle brush. Adding a tablespoon or two of your favorite eco-friendly soap to the wash will get everything squeaky clean. Mineral deposits left over from hard water can be removed with a solution of vinegar and water. Loll offers a cleaning kit that has everything you need for great results. Also see our cleaning video at loll designs.com/videos.

Loll Designs inspires people to appreciate the outdoors.

hand. Watch the assembly videos at www.lolldesigns.com/videos for even more you can't muscle the bolt any tighter. It's virtually impossible to over tighten by Key, or the Loll Tool and tighten firmly until parts are drawn tight together and still allowing removal and reuse of the bolt. Start all bolts by hand, with the Allen standard with a thread coating to reduce bolts loosening after assembly while in inserts as you can easily overtighten and damage the product. All bolts come and know how to use it. Set the clutch setting at medium torque. We do not recommend using an electric drill with a cord and without a clutch to install bolts on the block or it can be removed. Use a Cordless Screw Gun if you have one

protective film on it.
